OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE,
~~Mysore,~~ 189
Bangalore, 22nd March 1901

From

H J L HALLIN, Esq,
Inspector General of Education in Mysore

To

The Secretary to the Government of Mysore
General and Revenue Departments, Bangalore

Sir,

I have the honour to inform you that a Muhammadan boy named Mahomed Abdul Aziz son of Mahomed Musa Commandant of the Palace Barr Infantry who is about 18 years old has been a pupil of the Mysore Industrial School for the last two years and has passed the following Madras Technical Examinations

Subject	Grade
Free Hand Drawing	Elementary and Intermediate
Geometrical Drawing	Elementary
Painting	-do-
Design	-do-

He has been exhibiting paintings in the last two Madras Art exhibitions & Edgar Thurston who had the principal share in organising the Art exhibitions writes about the young man as follows "The young man undoubtedly has natural ability but he requires thorough training if he wishes to establish himself as an artist" Mr Thurston also suggested that he should be sent for training to the Sir J J School of Art & Mr Fraser Industries Director to H H the Maharaja who noticed the artistic proclivities of the boy and who sent him to the Madras Art School & he recommends that the boy

should be sent with a scholarship of Rs 15 a month to the Bombay School of Art to learn Painting as well as one or more artistic crafts, taught in the Bombay School of Arts, which will enable him to earn a living as the profession of painting alone does not enable a young artist to make a living in India This recommendation is based on the advice given to Mr Fraser by the Principal of the Bombay School of Art The general education of the boy is not of a high grade, he having left from the 3rd Form or Lower Secondary Class as he has however proved his artistic abilities and the Government are desirous of encouraging technical education of all kinds, I have great pleasure in supporting the recommendation of Mr Fraser and recommending that a special scholarship of Rs 15 a month may be given to the young man say for a period of two years to enable him to study painting and one or more artistic crafts in the Sir J J School of Arts, subject to the usual conditions of favourable reports of regular attendance and good progress and conduct being received from time to time The three Engineering scholarships of 1900 have not been availed of by local graduates Mr Vijyera has been recommended for one of these scholarships in my letter No 7693 dated 7th March 1901 From the provision of the other two scholarships I recommend that Abdul Aziz may be granted the scholarship of Rs 15 a month for two years If at the end of two years the Principal recommends a continuance of the scholarship, the subject of continuing the scholarship may then be considered

I have the honour to be,

Sir,

Your Most Obedient Servant,

H J Bhabha

Inspector General
